Andrei Burmistrov

Narrative Designer & Writer

Belgrade, Serbia · Remote enfiros@gmail.com andrewnovels.github.io
linkedin.com/in/andrei-burmistrov-2a75a584

Writer with 10+ years of professional English writing for US and international tech companies: viral content, interviews and game development articles. Writes branching game dialogue and implements it in Ink.

Game development experience

Freelance & personal projects · Unity, Unreal Engine

Client gigs and personal game projects covering narration, level design and interactive dialogue. Client details are confidential.

Who Ordered the Chip

INTERACTIVE DIALOGUE · 2026

A spec scene for SPINE (Nekki). A branching interrogation written and scripted in Ink, with three routes, two of them gated by character stats.
